

INQUIRIES

Complete Typing

\$100.00

Use the link above for a one-on-one typing session.

During the session you will be asked questions to uncover your Core Motivation, Core Wound, and Core Identity Question as expressed through the Enneagram.

Sessions roughly take between 30 to 90 minutes. I prefer to not constrain the time as some typings may take longer. This timeframe includes a 10-15 minute Q/A portion at the end of the typing session to help interpret and understand the result. Within a few days of the session, you will receive a document detailing your specific type.

Research Discount

For those of you interested in helping us with our efforts toward empirical research on Enneagram by allowing us to record the typing session, there is a \$20 discount available.

Please note, we will never use or share your video, likeness, or content for anything other than private research and analysis without your express consent.

Consultation Session

\$100.00

Use the link above for one-on-one consultation.

During the session, we can discuss any questions you may have regarding the enneagram, your results, future planning, or whatever else is on your mind.

These sessions are preset to 45 minutes. However, you can leave me a note if you specifically require a longer or shorter session and I will see if I can tailor the session to your requirement.
